

Career Opportunities in Saudi Arabia

A USD 453 million, state of the art and professionally managed cement company in Saudi Arabia is looking for qualified and experienced professionals to fill the following positions:

Controller Cost and Budget

A qualified Chartered Accountant (FCA) having ten years relevant experience with a reputable cement company. Reporting to the CFO of the company and will be responsible for management reporting for costs, budgets and performance.

The ideal candidate is expected to be:

- FCA with an out of the box approach
- Hands on experience in an Oracle environment with EBS (latest version) exposure for monthly cost statements, annual financial projections and budget monitoring reviews thereafter;
- Thorough in cost analysis and analytical approach;
- Experience of active participation in strategic / business plans and budgets that gives an edge over financial modelling and MS office;
- Although, not a strategist in himself, but he should be familiar with the pitch; and
- Passion for pressures and results.

Supervisor General Ledger

Partly Qualified CA (CFAP/MSA) articleship completed having five years' experience of maintaining general ledger in Oracle environment, preferably in a reputed manufacturing company. Reporting to the Chief Accountant and will be responsible to control and maintain general ledger of the Company.

The ideal candidate is expected to:

- Maintain general ledger accounts and prepare journal entries.
- Perform month-end account closing activities and reconciliations
- Assist in preparation of monthly, quarterly and annual financial statements;
- Support during internal and external audits and maintaining working paper files;
- Coordination with the other departments on accounting issues;
- Exposure to IFRS/ IAS and familiar with MS Office

The company offers a competitive package for pay, environment and growth to the right candidate. If interested please send your resumes at azh.recruitment2020@gmail.com by September 16, 2019
