

# Webinar on

## Pakistan Economy Today and Tomorrow Surviving the Crisis

### COVID 19 Impact on Pakistan Economy

Today the world is as uncertain as it gets! While the economy and businesses in Pakistan were adapting to the global technological advancements in their own time, the pandemic changed the entire world already. The crisis has brought formidable challenges but also numerous opportunities for everyone. It's time to act fast with the correct information and insights to survive and revive.

### The **webinar** will specifically talk about:

- Opportunities and challenges the Pakistan economy and the businesses are facing at the moment.
- Their immediate response to the crisis.
- How they are planning to navigate through the storm that we are calling the COVID-19.
