#### THE COMMITTEE'S REPORT TO THE MEMBERS

It is an honour and a privilege for me to present the annual financial statements and report of the Southern Regional Committee (the Committee / SRC) of the Institute of Chartered Accountants of Pakistan (ICAP) for the year ended June 30, 2013 for members' review.

I am glad to report that during the year, following major activities were undertaken by the Committee in addition to its CPD activities:

- CA Examination Certificate distribution ceremonies were organized at Pearl Continental Hotel Karachi.
- A Family get together was organized at Sindbad, Rashid Minhas Road.
- Chartered Accountants Students' Association (CASA) organized CASA Olympiad and CA Students' Conference 2012.

Matters related to; Continuing Professional Development (CPD) activities, library, CASA, financial statements and statistics of meetings held and attended by the members of the Committee during the year ended June 30, 2013, are discussed in the following sections of this report.

#### CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

As always, the Committee endeavored to enhance the effectiveness and broaden the scope of CPD programmes through selection of topics of members' interest and inviting high profile and professional speakers & trainers in our CPD programs. During the year ended June 30, 2013, the Committee organized 15 CPD events with the following breakup:

Workshops	05
Seminars	10
Total	15

The number of CPD hours this year is 86.30 as compared to 100.30 of last year. The reason for this difference is four days workshop on "Corporate Governance Leadership Skills" organized by SRC last year which added 28 CPD hours in total. This year the said workshop was organized by ICAP, resulting in a reduction of CPD hours. If we eliminate this special workshop of 28 CPD hours from last year's CPD hours, we have remaining 72 CPD hours for the rest of the programs, which is comparable with this year's 86.30 CPD hours. Moreover, during the year three programs were cancelled due to law and order situation in the city.

Consistent with its tradition, the Committee organized seminars and workshops on core and non-core areas. The details are given in the table below:

CORE TOPICS	Number	of seminars	CPD credit hours			
CORE TOPICS	2012-13	2011-12	2012-13	2011-12

#### **ANNUAL REPORT 2013**

#### SOUTHERN REGIONAL COMMITTEE

I also share with you that the members' participation rate is higher this year as compared to last year. The detailed analysis is given below:

Last year we had 19 programs attended by 2254 members as compared to 15 programs attended by 2187 members this year. The average attendance is 146 per program this year as compared to 119 last year. The reason for higher participation rate of this year being that, some of the seminars organized this year attracted more participation like in SRO 98(1)2013 Sales Tax Withholding Rules 2007, which was attended by 200 members.

Excluding Pre & Post Budget Seminars, if we compare the highest number of attendance in any given programs (either seminar or workshop), it was 165 (in IFRS) last year as compared to 200 in (SRO 98(1) 2013) this year.

Analyzing the attendance of Pre-Budget Seminar, last year it was 194 as compared to 302 this year which is almost double to the previous one.

Regarding Post-Budget Seminar, attendance of last year was 825 as compared to 779 this year with a minor difference of 46 only.

The Committee would like to thank the members, for making the CPD activities a success. The Committee strongly believes that success of CPD programs is entirely dependent upon your support and participation. Accordingly, we look forward to your continued patronage in greater numbers.

Number of participants	2012-2013	2011-12	2010-11
Members	2187	2254	2553
Non-members	920	775	932
Total	3107	3029	3485
Participants per programme	207	159	171

A year-by-year comparison of CPD activities in terms of CPD hours during the last nine years is also set out in an annexure to this report on page no.11.

Over the years, the Committee has endeavored to restrict the cost of seminars / workshops at an affordable level. I will further add that we increased the fee to a nominal amount as compared to the cost resulting a lower surplus this year. We also tried to reduce the cost through changing timings, sending some of the circular via email instead of hardcopy and replacing meals with refreshments.

# LIBRARY

The Committee, in consultation with ICAP Secretariat, is drawing plans to enhance facilities and infrastructure in order to improve the ambience and environment of both students' and members' library.

- Chartered Accountants Students' Association (CASA) organized CASA Olympiad on July 14, 2012.
- An International CA Students' Conference 2012 was held on September 27, 2012.

#### GOLD MEDAL & CERTIFICATE DISTRIBUTION CEREMONY

In line with its tradition and practice, the Committee organized two Gold Medal & Certificate distribution ceremonies at Pearl Continental Hotel, Karachi on October 11, 2012 and May 3, 2013 to award certificates to those who passed the final examination held in summer 2012 and winter 2012. #### **ANNUAL REPORT 2013**

#### SOUTHERN REGIONAL COMMITTEE

Normal repairs and maintenance are charged to income as and when incurred. The carrying amounts of the Committee's assets are reviewed at each balance sheet date to identify circumstances indicating occurrence of impairment loss or reversal of previous impairment losses. If any such indication exists, the recoverable amounts of such assets are estimated and impairment losses or reversal of impairment losses are recognised in the statement of income and expenditure. Reversal of impairment loss is restricted to the original cost of the asset.

Any fixed assets received free of cost are recognised on nominal values.

#### 2.5 Investments

The Committee determines the appropriate classification of its investments at the time of purchase and classifies these investments as 'loans and receivables', 'available for sale' or 'held to maturity'. These are initially recognised at cost being the fair value of the consideration given including the acquisition cost.

Subsequent to initial recognition at cost, these investments are measured at amortised cost or fair value as appropriate, less provision for impairment in value, if any. Amortised cost is calculated taking into account any discount or premium on acquisition by using the effective interest rate method.

#### 2.6 Revenue recognition

- Members' programmes represent fees from CPD activities that are recognised as income when CPD activities are held.
- Sponsorships are recognised when a firm commitment is received.
- Members' subscriptions are taken as income on receipt basis.
- Profit on investments is accounted for as income through the amortisation process using the effective interest rate method.
- Return on PLS deposits is accounted for on accrual basis.
- Donations are accounted for on a receipt basis.

#### 2.7 Restricted Funds

Funds received directly as grants or received as contribution from the donors are classified as Restricted Funds. Restricted funds representing direct grants are classified as Grant funds.

Funds utilised for capital expenses including capital work-in-progress are transferred to the deferred income account, with an amount equal to the annual charge for depreciation on assets purchased being released from this account and recognised as income and reflected as 'Amortization of deferred income' in the Income and Expenditure Statement

#### 2.8 Critical Accounting Estimates and Judgements

The preparation of financial statements in conformity with the basis as stated in note 2.2 requires the use of certain critical accounting estimates. It also requires the Committee to exercise its judgement in the process of applying the Committee's accounting policies. The area involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements includes determination of the useful life and residual value of operating fixed assets.

# 18.1 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Committee finances its operations from the revenue received through members subscriptions and program fees. Apart from this, the Committee also earns income from markup received on investments.

# 18.2 FINANCIAL RISK FACTORS

The Committee has overall responsibility for the establishment and oversight of the risk management framework. The Committee's operations expose it to financial risk, credit risk, liquidity risk and interest rate risk.

# 18.2.1 CREDIT RISK

Credit risk represents the accounting loss that would be recognised at the reporting date, if counter parties failed completely to perform as contracted.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

The Committee is exposed to credit risk on all financial assets except cash in hand. The Committee seeks to minimize the credit risk exposure through having exposures only with the banks having minimum credit rating of 'A' in long term and 'A1' in short term rated by independent credit rating agencies. The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates.

#### 18.2.2 Credit quality of financial assets

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates.

#### Cash at bank, short-term investments and long-term

# 18.2.3 LIQUIDITY RISK

Liquidity risk is the risk that the Committee will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Committee could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Committee's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Committee's reputation.

#### 18.2.4 INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The financial instruments which are exposed to interest rate risk comprise of long term investments, short term fund investment and short term investments. As at June 30 2013, had there been an increase / decrease of 100 basis points in the profit rates, with all other variables held constant, total comprehensive surplus for the year would have been higher / lower by Rs. 169,516.

#### 18.2.5 FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The carrying amounts of all financial assets and liabilities reflected in the financial statements approximate their fair values except for certain investments which are stated at amortised cost.
