The qualification of CA Pakistan is synonymous with professional competence. The quality of Institute's professionals is recognized both at local and international front.

Our members and students both, with their strong professional and technical knowledge as well as adherence to integrity and professional ethics, are the torch bearers of the profession and the Institute.

## What is Professional Accounting Affiliate Scheme?

The Institute has decided to recognize its capable students who have completed the required practical training and passed a significant part of advanced stage of CA qualification by awarding them the 'Professional Accounting Affiliate' status. Such advanced stage students are well recognized for their competence locally and internationally, owing to Institute's high quality of education and examination systems and rigorous training regime.

The Council of the Institute appreciating the need for a formal recognition, for such students has now introduced the scheme of 'Professional Accounting Affiliate', after getting necessary approvals from the Federal Government. This scheme would further enhance the recognition of ICAP's advanced level students, thereby further improving their employment and career growth opportunities.

The holder of this certification will become an officially recognized part of the Institute's professional family and would be entitled to use the designation of 'Professional Accounting Affiliate' or 'Affiliate'.

## Benefits

- ▶ Become part of Institute's family and use designation of 'Professional Accounting Affiliate' or 'Affiliate'.
- ▶ Improve employment prospects and career growth.
- ▶ Receive all the Institute's publications and other pronouncements, use libraries and register in CPD programs and other events at special fee applicable to 'Affiliates'.
